NEEDLE FELTING- 2d pictures (landscapes, sea scapes, your pet's portrait, flowers etc) usually 4 hours and you get a box frame in which to display your finished masterpiece

JOURNAL MAKING- I do different classes depending on what people wish to focus on.

ENAMEL JEWELLERY- usually a 2 hour session using enamel powders and printing inks. Make at least two sets eg two pendants and two pairs of earrings)

GELI-PLATE PRINTING- some prints could be made into greeting cards, book marks, covers for journals, backgrounds for other art work. This is very experimental and great fun!

EXPERIMENTAL TEXTILES, including hand & machine embroidery, printing & basic weaving. Lots of color and texture to stimulate your creative potential

***Lastly, if you live within a 30 mile radius of Stratford upon Avon and can gather a minimum of 4 people (I have enough equipment for 15) I am happy to do a workshop at your home.**

***I am now also listed on Warwickshire WI speakers directory so if you are a member of a group and would like me to do an hour talk about ' being a creative butterfly' it's £50 (+ travel 45p per mile) for 1 hr & includes a demo of one of the activities of your choice eg fused glass, needle felting, journal making, printing.)**

(please note, if you no longer wish to hear about my workshops let me know and I'll remove you from my list.)
